 Mumbai, MH

SKILLS

- Management Skills
- Negotiation
- Digital Marketing
- Communication Skills
- Critical Thinking

CERTIFICATIONS

- Excel for Beginners
- Python 3.4.3 Training - Spoken Tutorial
- Freedom with AI Masterclass

PROFILE

I am a beginner Computer Engineering student who is very interested in technology and learning how things work. I enjoy exploring new tools, understanding basic concepts, and improving my problem-solving skills step by step. I am eager to gain practical experience, learn from others, and grow in a supportive and collaborative environment.

WORK EXPERIENCE

Truss Bridge Model

February 2025

- Designed and built a truss bridge using lightweight materials, applying engineering principles like tension and compression.
- Analyzed load distribution and structural integrity through hands-on testing.
- Enhanced teamwork and project planning skills during model construction.

EDUCATION

Vasantdada Patil Pratisthan's College of Engineering
(2024 - Present)

K.V Pendharkar College

Percentage: 65%
(2022 - 2024)

Smg English high School

Percentage: 75%
(2021-2022)
